

**Armed Robots in Iraq...  
Spiderman-style nets to stop vehicles...  
Battlefield Satellites to track jets and  
helicopters...**

Join us for  
"Conversations with Leaders"  
Thursday March 13, 2008  
4:00pm  
Mason Hall Auditorium

**Mike Stolarik**

Class of 1973  
President, Mission Solutions Group  
QinetiQ North America

RSVP By March 7: [engineering@jhu.edu](mailto:engineering@jhu.edu) or  
410-516-8723

Food and Drink will be provided.

QinetiQ is rumored to be the inspiration for James  
Bond's "Q" Character and the "Q Branch," which  
researches and develops hi-tech gadgetry for the  
British Secret Service
