## Welcome Back, Welcome Back, Welcome Back!

On behalf of the staff, faculty, and administration of the CLE, I would like to welcome everyone back to campus. I hope each of you had a fabulous summer and is enjoying a great start to the 2008-09 academic year! Many of you stayed busy with travel, jobs, and internships. CLE alone sponsored 16 internships, including positions at Merrill Lynch, Smith Barney, MTV, Epic Records, The Baseball Factory and General Atlantic, and we're sponsoring four interns this fall. Read on for the latest updates on the office, HSE's newest business, and important internship, scholarship and registrar deadlines.

### Spring Internship Deadlines

Visit <http://web.jhu.edu/leadership> for details and an application

#### APPLICATION DEADLINES

Need help finding an internship: **November 17th**

Already found an internship: **February 2nd**

**Reminder:** The application process must be completed, even if you found an internship on your own; sponsorship is not guaranteed.

### Staff Updates

Ben Gibbs, former Experiential Programs Manager, has left to take a new position in JHU's Technology Transfer office. We wish Ben the best of luck!

Kristen Ittner, Sr. Academic Program Coordinator, has gotten married. Her new name is Kristen Kelley and her new email address is [kkelley@jhu.edu](mailto:kkelley@jhu.edu). We wish Kristen and her husband many happy years!

Meghan Phelan, Sr. Academic Program Coordinator, just had her first baby, Brigid Ruth. She is currently on maternity leave. Congratulations to Meghan, her husband, and the newest addition to their family!

James Wells, Budget Analyst, has moved from his office in Krieger to the main CLE office. We're happy to have James back with the rest of us!

### New Visiting Faculty Member

CLE extend a warm welcome to visiting faculty member Dr. Daniel Raviv. He is teaching 660. 430 Creativity and Innovation this semester, and will continue teaching the course in the spring.

Dani is on sabbatical from his position as a professor at Florida Atlantic University. His major research interests are vision-based driverless cars, "green" innovation, and innovative thinking.

Dani arrived on-campus bearing gifts for CLE staff—cool handcrafted puzzles, in fact. So stop by the office and try your hand at solving one. They're much more challenging than they look!

### New Course Assistants

Course Assistants play an invaluable role to our faculty and students, and we're thrilled to welcome back 11 returning CAs.

We're also happy to have 15 new CAs join the team!

## Hopkins Student Enterprises' Newest Business!

Hopkins Delivery Enterprises (HDE) is the latest business to be started by the students of Hopkins Student Enterprises (HSE). Check out what they have to offer!

Like cake? Like getting care packages with awesome goodies like glow sticks and candy? The newest business to come out of the HSE think tank – Hopkins Delivery Enterprises – does too.

That's why we've decided to offer a year-round service, complete with seasonal and non-seasonal packages for any occasion, and we're adding more all the time.

Some of our packages are themed, like Halloween, Wellness, Valentine's Day, and more! Check out our website: [HopkinsDeliveryEnterprises.com](http://HopkinsDeliveryEnterprises.com) for a full list of products (and yes, we sell cakes too).

Our team is composed of dedicated students who want to make your college experience a little more comfortable, delicious...and dare we say it...exciting. Every package has something new!

Non-seasonal packages are delivered the first Tuesday of the month, where as the seasonal vary by...well, season.
