

Whatever you can give, gives hope.

Three unique ways to help others with United Way.

Rely on the Experts

United Way's highly trained staff and volunteers help direct your unrestricted dollars to more than 100 highly effective health and human service programs across the region. They ensure funds go where they are needed most and that you get real results for your investment.

Focus on a Core Area

By choosing to give to one of United Way's key focus areas (education, income or health), you're making sure we tackle poverty by providing the essential services that help families thrive. With the current economy, programs dealing with these issues need your help more than ever.

Support your Charity of Choice

Want to direct some, or all, of your gift to a health and human service nonprofit close to you? With as little as \$50 (less than \$1 a week), you can do that. Our new low fee is just 5% per donor (\$5 minimum, \$500 maximum).

United Way of Central Maryland supports environmental responsibility by utilizing FSC (Forest Stewardship Council) certified papers, limiting the volume of printed information and recycling remaining inventory.

EDUCATION

We subsidize child care and family support for toddlers and provide before and afterschool activities for youth so parents can afford to work knowing their children are safe, learning and mentored. Last year:

2,119
youth received dropout prevention services.

INCOME

United Way provides survival resources and ensures families have safe, affordable housing and the support needed to keep it. Last year:

2,804
people received services like job training and credit repair to help them find permanent housing.

HEALTH

We help offer refuge through shelter, legal protection and other support services for victims of domestic violence and child abuse. Last year:

703
victims of violence or abuse were able to access and receive core services to help them stay safe.

United Way provides information and referrals 24/7 through 2-1-1 Maryland at United Way. Each month, this service receives more than 12,000 calls for help in finding programs and services in the community.
