Opportunity Summary

The purpose of the National Action Partnership to Promote Safe Sleep Program (NAPPSS) is to increase the adoption of safe infant sleep behaviors, including breastfeeding among infant caregivers, by integrating evidence-based programs and policies within public health and clinical delivery systems that intersect with families.

Examples of systems that serve infant caregivers include, but are not limited to, home visiting programs, food and nutrition programs, community-based organizations such as Healthy Start, housing assistance authorities, child care, hospitals, community health clinics, as well as health care provider networks such as pediatricians, family physicians, and obstetricians.

This program endeavors to change individual behavior on a national scale with a multifaceted approach that ensures common messaging through engagement of multiple stakeholders, and support of organizations within service delivery systems that intersect with infant caregivers.

Eligibility & Requirements:

- There are no limits or restrictions.

Internal Nomination Process:

Interested applicants should send the following documents in sequence in one PDF to resapp@jhu.edu no later than 4 p.m. on September 27, 2016:

1. JHU Limited Submission Cover Sheet
2. Abstract (one page, double-spaced)
3. Proposal (maximum of four pages of text only, single spaced: 12-pt font and one-inch margins)
   (Note: figures, tables, and other reference material may be included in addition to the 4 pg. text limit)
4. Curriculum Vitae of investigator, including current external research support and publications
5. Budget (two pages maximum)
6. Letter of Recommendation from the Department Chair/Director. Letters of Recommendation can be submitted separately to resapp@jhu.edu stating the applicant’s name in the subject line.

Each applicant should expect to receive a confirmation of receipt of their materials. Applicants not receiving an acknowledgement, or having any questions, should contact Brittany McMahon via resapp@jhu.edu.
