**Estimated Award Amount:** $20,000 to $75,000 over a one-year period  
**JHU Nomination Limit:** 1 per year  
**For more detailed information:** Honda Education Grants; FAQ

The American Honda Foundation supports youth education with a specific focus on the STEM (science, technology, engineering and mathematics) subjects in addition to the environment, job training and literacy. Our aim is to seek out those programs and organizations with a well-defined sense of purpose, demonstrated commitment to making the best use of available resources and a reputation for accomplishing their objectives. In addition, programs should be:

- Innovative and creative that propose untried methods which ultimately may result in providing solutions to the complex educational concerns currently facing the American society.
- Broad in scope, intent, impact and outreach.
- Possess a high potential for success with a relatively low incidence of duplication of effort (i.e. other organizations administering the same programs).
- Dedicated to improving the human condition of all mankind.
- Operate from a position of financial and administrative soundness.
- In urgent need of funding from a priority basis (not necessarily financial need); i.e., the relative importance of the program or project to the public.

They define "youth" as pre-natal through 21 years of age. "Scientific education" encompasses both the physical and life sciences, mathematics and the environmental sciences.

**Eligibility & Requirements:**

- Organizations may only submit one request in a 12-month period. This includes colleges and universities with several departments/outreach programs

**Internal Nomination Process:**

Interested applicants should send the following documents in sequence in one PDF to resapp@jhu.edu no later than **4 p.m. on January 4, 2016:**

1. JHU Limited Submission Cover Sheet
2. Abstract (one page, double-spaced) – summary of the program and activities planned.
3. Proposal (maximum of four pages of text only, single spaced: 12-pt font and one-inch margins)  
   (Note: figures, tables, and other reference material should not be included as text)  
   Please include a detailed description of the proposed program, projected short-term benefits, long-term goals, and demographic information on the population you will be serving.
4. Curriculum Vitae of investigator, including current external research support and publications
5. Budget (two pages maximum)

Each applicant should expect to receive a confirmation of receipt of their materials. If an applicant does not receive an acknowledgement, or has any questions, please contact the limited submissions office at resapp@jhu.edu.
