

University Requirements for Ph.D.

There are three fundamental requirements for the Ph.D. at Johns Hopkins University: **dissertation, residence, and oral examination**. None of these requirements can be modified or changed without unanimous consent of the schools and the Provost.

1. **Dissertation:** All Ph.D. students must successfully complete a dissertation in accordance with relevant school and program guidelines prior to degree conferral.
2. **Residence:** All Ph.D. students must have completed two consecutive semester of full-time study prior to degree conferral.
3. **Oral Examination:** All Ph.D. students must successfully pass a required oral examination conducted by five faculty members. The oral examination must include the chair and at least one other member from outside the candidate's home department.

It is university policy that all program and university requirements for the Ph.D. must be completed in 12 years or less from start of the doctoral program. The Doctor of Philosophy Board reviews all candidates for the Ph.D. prior to conferral to ensure that the fundamental requirements for the Ph.D. have been met within the timeframe delineated.
